NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2018

1. Summary of Significant Accounting Policies

Organization

Presidential Brokerage, Inc. (an S corporation) (the "Company") was incorporated in the state of California on June 25, 1991. The Company is a registered broker-dealer with the Securities and Exchange Commission ("SEC") and with the Financial Industry Regulatory Authority ("FINRA"). The Company is also a member of the Securities Investor Protection Corporation ("SIPC"). The Company's securities business is limited to introducing and forwarding securities on a fully disclosed basis to a carrying broker-dealer. The Company as a matter of policy does not hold funds or securities for customers or owe money or securities to customers.

Revenue Recognition

Securities transactions and the related revenues and expenses are reflected in the financial statements on a settlement date basis, which is generally three business days after the trade date. Revenues and expenses on a trade date basis are not materially different from revenues and expenses on a settlement date basis.

Cash and Cash Equivalents

Investments with original maturities of three months or less are classified as cash equivalents.

Property and Equipment

Property and equipment are stated at cost. Depreciation is calculated principally by the straight-line method over a useful life of five to seven years. Leasehold improvements are amortized over a seven year life. Maintenance and repairs are expensed as incurred. Major betterments are capitalized. The Company takes advantage of Internal Revenue Code Section 179 allowing depreciation write-offs of up to \$1,000,000 in year of acquisition. This method of writing off up to \$1,000,000 in the year of acquisition is not a generally accepted accounting principle; however, the GAAP calculated depreciation did not vary materially from the tax method considering the financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2018

1. Summary of Significant Accounting Policies (Continued)

Income Taxes

The Company, with consent of its shareholders, has elected under the Internal Revenue Code to be an S corporation. In lieu of corporation income taxes, the shareholders of an S corporation are taxed on their proportionate share of the Company's taxable income. Therefore, no provision or liability for federal income taxes has been included in these financial statements. However, the Company operates in California which imposes a minimum franchise tax of \$800.

The Company records a liability for uncertain tax positions when it is more likely than not that a tax position would not be sustained if examined by the taxing authority. The Company continually evaluates expiring statutes of limitations, audits, proposed settlements, changes in tax law and new authoritative rulings. The Company's evaluation on December 31, 2018 revealed no uncertain tax positions that would have a material impact on the financial statements. The Company does not believe that any reasonably possible changes will occur within the next twelve months that will have a material impact on the financial statements.

Interest and penalties associated with the Company's tax positions are reflected as interest expense in the financial statements. There were no interest or penalties incurred during the year ended December 31, 2018.

Concentration of Credit Risk

Financial instruments that potentially subject the Company to concentration of credit risk consist primarily of temporary cash investments. The Company restricts temporary cash investments to financial institutions with high credit standing. Such temporary cash investments are often in excess of the FDIC insurance limit.

Advertising Costs

Advertising costs are expensed as incurred.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2018

1. Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

The Company is exempt from certain provisions of Rule 15c3-3 of the Securities Exchange Act of 1934. Such exemption is in accordance with paragraph (k) (2) (ii) of the Rule.

3. Retirement Plan

The Company provides a 401(k) profit sharing plan which covers substantially all employees. Participating employees may elect to contribute, on a tax-deferred basis, a portion of their compensation in accordance with Section 401(k) of the Internal Revenue Code.
